# INTELLIGENCE IS IN THE AIR

You inspire us. Your passion. Your mission. Your vision. So, we engineered an aircraft to help you achieve it. The CESSNA CITATION CJ1+ jet. With an interior reimagined with more intention, more pleasure and more purpose, it's the entry level jet that pilots have been asking for. Speed. Control. Range. Comfort. Capability. The Citation CJ1+ aircraft is everything you want in an entry-level jet.

FJ44-1AP - S/N 180133

S/N 180124 Flown: Part 91

---

TT 2551.4

---

TC 2156

# YOU DREAMED IT. WE DESIGNED IT.

---

Two powerful Williams FJ44 engines facilitate a cruising speed of up to 404 knots for serious jet performance. Trips are fast and efficient with exceptional range at 1,550 nm. The Citation M2 Gen2 jet goes there. And beyond.

# COMFORT CONFIGURED AROUND YOU

Perfect for corporate, charter or private use, the M2 Gen2 jet features enhanced cabin lighting, upgraded cabin technology and a GARMIN G3000 flight deck with touchscreen avionics suited for a single pilot. This aircraft features a Fresh Air System to keep cabin air clean. This system operates by bringing fresh air from outside into the aircraft through the engines. The engines compress and heat the air killing pathogens and germs. The air is then cooled and enters the cabin as cold or warm air before exiting aft.

## INTERIOR

Executive/8 passengers

Interior is in good condition 7.5/10

Tan Townsend leather seating, forward side-facing seat, 4-place club
